How to make/play your disco dice game

You will need:

Scissors, large soft dice, laminator (Optional).

1. Print out on A4 or A3 card or paper as many times as you need.
2. Cut the board out shape using scissors
3. Laminate the board for longevity.
(optional)
4. Get out your dice (we recommend large soft dice) and start rolling.
5. Whatever number the dice lands on, copy the dance move to get your disco moving!
